DESCRIPTION:

Nashville Barrel Company sources their whiskey from a certain Indiana distillery, but like many smaller distilleries sourcing their product, they try to add their fingerprint to it. In 2018, Mike Hinds and James Davenport noticed that the Bourbon demand was going through the roof, and allocations were becoming hard to come by, so they decided to buy and select their own single barrels. The first batch of barrels was purchased in late 2018, and to their surprise, their product was a huge success. In 2020, Mike and James released their first single rye, and the people on social media made sure that the rest was history.

TASTING NOTES:

Color: Dark gold

Aromas: Slightly sweet with notes of caramelized sugar & marshmallow

Palate: Rich & full, showcasing sweet oak, vanilla, & savory spice

Finish: Toasted nuts, with a layer of sweetness

Nulu Double Toasted Bourbon W4

ORIGIN:

Indiana

MASTER DISTILLER:

Harrison Hyden

AGING:

New American Oak, finished in French Oak

ALCOHOL:

80 Proof | 40% ABV

MASH BILL:
