Founded in 1973 by Fred and Juelle Fisher – and now led by three siblings of the second generation – Fisher Vineyards produces terroir-driven, estate-grown wines from Sonoma County and Napa Valley. Blessed by significant contributions over five decades from several of California’s great wine talents (including Paul Hobbs, Mia Klein, David Abreu, Aaron Pott, and Adam Goodrich), Fisher Vineyards releases nine estate-grown, small-production bottling each year.

TASTING NOTES:

“High-toned aromatics of plum and sweet cherry mingle with hints of cedar and rose petal. The 2018 is garnet in color and has a palate driven by flavors of ripe rainier cherry, subtle clove, dark chocolate, and tannin, both from fruit and oak, that create an ornate contrapuntal tonality to this expressive Pinot Noir. The wine finishes gracefully and continues to evolve with time in the glass – a quality that is indicative of its enjoyment.”

Founded in 2016 by Martin and his wife Shauna, each bottle reflects their pursuit of perfection and purity. From the famed Stonyridge Vineyard in New Zealand to Petroni Vineyards in Sonoma, Martin honed his craft before becoming head winemaker at Neal Family Vineyards in Napa Valley. Three Furies Wines offers a trio of exquisite Pinot Noirs—Constant Vengeance from Sta. Rita Hills, The Angry One from Santa Lucia Highlands, and The Jealous from Anderson Valley—each capturing the essence of its AVA.

TASTING NOTES:

Exhibiting a stunning crimson-purple hue, this wine remains remarkably youthful, bursting with primary aromas. Fresh floral scents of violets and rose petals intertwine with black cherry, plum, and rhubarb, accented by delicate spice and savory notes. While still in its infancy, it displays immense potential for complexity. It maintains a firm, tight structure on the palate, suggesting the need for further aging to reveal its depth fully. Red cherry and raspberry flavors mingle with herbal sage and anise, culminating in a finish characterized by gamey nuances, vibrant rhubarb, and firm, mineral-laden tannins.
