DESCRIPTION:

American Single Malt Whiskey is, by its very nature and existence, innovative. That being said, Westland Distillery doesn't innovate for the sake of innovation. There are many examples of traditional whiskey-making practiced at Westland, most notably, the usage of Sherry wine casks in maturation, but they continue to recognize the opportunity to contribute new ideas to the landscape of single malt whiskey.

Westland Distillery also has an avid commitment to sustainability with a dedication to be good stewards of their provenance. They do so in process, in sourcing, and in a commitment to restoration.

Glen Scotia Victoriana Single Malt Scotch Whiskey

APPELLATION:

Campbeltown

COUNTRY:

Scotland

TASTING NOTES:

Sweet and concentrated start with some jammy blackcurrant fruitiness. A big mid-palate. Typical tightening towards the back palate. Becomes more austere with water, but otherwise full of flavour with the sweetness of sherry and the robustness of the charring effect.

MASTER DISTILLER:

Iain McAllister

MASHBILL:

100% Malted Barley

BOTTLING STRENGTH:

103 proof (51.5% abv.)

ORDERING INFO:

DESCRIPTION:

Glen Scotia using small batch processing, a technique with which they have produced a fine selection of single malt whiskies that are gaining a new following worldwide

Glen Scotia Victoriana, a true Campbeltown whisky, is inspired by Victorian times. This cask strength single malt is one for the whisky connoisseurs.

Master distiller, Iain McAllister, hand selects the casks from the reserve cellar. Each cask is chosen for its rare characteristics, exceptional maturity, and the flavours it can bring to this single malt scotch whisky.
